Attorney's Docket No.: Intel 10559-229001/P8794 Intel Corporation

REMARKS

Claims 1-10, 12-18, 20, 22-24, 26, and 28 are pending. Claims 1, 12, and 18 are in independent form.

In the action mailed August 11, 2006, independent claims 1, 12, and 18 were rejected under 35 U.S.C. § 103(a) as obvious over U.S. Patent No. 6,868,086 to Putzolu et al. (hereinafter "Putzolu") and U.S. Patent No. 6,249,820 to Dobbins et al. (hereinafter "Dobbins").

STATEMENT CONCERNING COMMON OWNERSHIP

The present Application Serial No. 09/608,997 and U.S. Patent Application Serial No. 09/538,331 (now U.S. Patent No. 6,868,086 to Putzolu) were, at the time the inventions of the present Application Serial No. 09/608,997 were made, commonly owned by or commonly subject to an obligation to assign to Intel Corporation.

In further support of this statement, attention is respectfully directed to the enclosed copy of the assignment of present Application Serial No. 09/538,331 and to Reel 010715, Frame 0633 for the assignment of U.S. Patent Application Serial No. 09/538,331.

Attorney's Docket No.: Intel 10559-229001/P8794 Intel Corporation

Under 35 U.S.C. § 103(c)(1), subject matter developed by another person, which qualifies as prior art only under one or more of subsections (e), (f), and (g) of Section 102, does not preclude patentability under 35 U.S.C. § 103(a) where the subject matter and the claimed invention were, at the time the claimed invention was made, owned by the same person or subject to an obligation of assignment to the same person. See also M.P.E.P. § 706.02(1).

Since Putzolu qualifies as prior art only under the provisions of 35 U.S.C. § 102(e), and in light of the above statement concerning common ownership, Putzolu cannot properly be relied upon to reject claims in the present application under 35 U.S.C. § 103(a). Accordingly, the rejections of claims 1, 12, 18, and the claims dependent therefrom cannot be maintained. Applicant thus requests that these rejections be withdrawn.

It is believed that all of the pending claims have been addressed. However, the absence of a reply to a specific rejection, issue or comment does not signify agreement with or concession of that rejection, issue or comment. In addition, because the arguments made above may not be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed. Finally, nothing in this paper should be construed as an intent to

Attorney's Docket No.: Intel 10559-229001/P8794 Intel Corporation

concede any issue with regard to any claim, except as specifically stated in this paper, and the amendment of any claim does not necessarily signify concession of unpatentability of the claim prior to its amendment.

Applicant asks that all claims be allowed. No fees are believed due at this time. Please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,

Date: November 10, 2006
